

Allora Show Society Equestrian Group Newsletter

Volume 6 Edition 1
29th December 2008

HAPPY NEWYEAR TO ALL!!

I am sure just about everyone can feel positive to the beginning of 2009.

The weather has really smiled upon us. The paddocks are full of grass for the first time in years and the horses are looking magnificent.

The only downside is all the bitey things that have suddenly appeared.

It seems there is never meant to be a late November or December competition. The same thing has happened three years in a row. Perhaps if we didn't try though the rain may not come and that would be worse.. The Showman Competition is re-scheduled for March 1st and those who were entered will be on the draw if it still suits. The entries will be re-opened so others can compete. A new entry form will be available at the show dressage competition or can be sent snail or email.

Please try to support ALL the local shows as most are

probably struggling in the current financial climate.

Don't forget if you join Allora it will get you admittance to Stanthorpe, Killamey and

Warwick as well. Great value. You will find the membership form with this newsletter.

The Show Society is hard at work applying for funding to build the long awaited new toilet and shower block as well as the new stock yards. They will need your raffle tickets (hopefully all sold) before the end of the show so the easiest way will be to bring them along to the Show Dressage. If you can't make it, please post them in.

The grounds will be in perfect condition this year as the campdraft has been moved to another date and Ted has been mowing like a demon to keep up with the grass.

They seem a long time ago but the Championships went well. Especially in the juniors where

each championship was won by different horses. They were certainly close. All the results are included in this newsletter.

Time to make things fair.

A new addition to our entry forms and point scores this year will be the "Masters"

division.

This is a division for our competitors over the young age of 50.

These are the riders, after all, who really put back more than they take out. They are often our judges, scorers, pencilers and ground staff and deserve to have their own grouping.

There will be perpetual trophies in the Preparatory, Preliminary and Novice point scores.

We will trust their honesty and NOT ask for proof of age!

After all, I am not far off this division either.

FOR ALL THOSE INTERESTED IN IMPROVING THEIR HORSE'S

TURNOUT

At our Showman event in March there will be a lunchtime demonstration of plaiting and correct trimming of the show horse.

This will be presented by Pam & Carmen Tait who have had a great deal of experience in showing hacks and dressage horses. All those interested can indicate on the March entry form. There will be an extended lunchbreak of approximately one hour to fit it in.

It will be well worth attending.
